

## M'KINLEY AND ROOSEVELT WILL LEAD THE REPUBLICAN HOSTS

**Both Unanimously Nominated  
Amid Wildest Scenes  
Of Enthusiasm**

**Republican Convention at  
Philadelphia Completes  
Its Work Today.**

**ROUGH RIDER ACCEPTS**

**All the Other Candidates for  
Second Place Withdraw  
From the Race.**

**COMBINATION MADE BY HANNA**

**Men From the West Insisted on Roose-  
velt—Wisconsin in Line—En-  
thusiasm Over the Ticket.**

Philadelphia, June 21.—[Special Tel-  
gram]—"Get into the band wagon,"  
seemed to be the tip before the opening  
of the republican convention, and the  
delegates and spectators did their ut-  
most to follow the suggestion.

The Kansas delegates displayed a  
large placard over their state sign read-  
ing: "Kansas' delegation was the first  
to declare for Governor Roosevelt."

Roosevelt arrived at 10:05 o'clock and  
was soon surrounded by a crowd of de-  
legates who struggled to clasp his  
hand.

Hanna received a flattering reception  
when he entered soon after Roosevelt  
and the spectators in the galleries went  
wild when Quay appeared.

The opening scene was delayed by a  
conference held in the aisle beside Roose-  
velt between Quay, Depew and Payne,  
the surrounding delegates mounting  
their chairs to "rubber."

In the meantime the bands played but  
the music was dulled when Taylor of  
Kentucky entered the building and re-  
ceived an ovation.

Convention Rapped to Order.

Chairman Lodge rapped for order  
at 10:35 o'clock and Arch-Bishop Ryan  
of Philadelphia, offering prayer. There  
was subdued applause when he conclud-  
ed.

Payne's Plan Not Acted Upon.

Chairman Lodge then rectified an  
error of yesterday by having Louisiana  
nominate a committee and vice president  
and Alabama followed suit.

No Change in Representation

Then Quay was recognized and with-  
drew his amendment offered yesterday  
to the rules providing for a change of  
the basis of representation. The an-  
nouncement was greeted with great  
cheering.

Lodge then said: "The next business  
in order is the nomination of the next  
president of the United States," and the  
convention yelled itself hoarse.

The roll was then called beginning  
with Alabama. "Alabama yields to the  
state of Ohio," said Committeeman Dim-  
mick of Alabama.

Lodge thereupon recognized Senator  
Foraker who proceeded up the aisle  
amid great applause. Foraker began  
his speech at 10:55 o'clock.

Foraker Nominates McKinley.

He thanked Alabama for yielding:  
"Our candidate for president has  
already been nominated," said Foraker,  
"by the whole American people. From  
one end of the land to the other there is  
but one name mentioned for president  
on the republican ticket. His record is  
replete with brilliant achievements in  
peace and war."

Praises McKinley's Policy

Mr. Foraker reviewed McKinley's po-  
lity of prosperity, saying that the peo-  
ple had put to sleep forever sixteen to  
one. The man he nominated had sur-  
mounted every difficulty, had opened  
the door to China and in a hundred  
days driven Spain from the western  
seas. The speaker concluded as fol-  
lows:

He is an Ideal Candidate

"Our present chief executive has  
shown his wisdom and unequalled diplo-  
macy. He is an ideal candidate and has  
been an ideal president. In his hands  
the party will be carried on to tri-  
phant victory next November. (Great  
cheers). I nominate for president of  
the United States William McKinley of  
the United States."

Then Bedlam Broke Loose.

No sooner had Foraker mentioned

PRESIDENT WILLIAM MCKINLEY.

McKinley's name when bedlam broke  
loose. The band struck up "Rally Round  
the Flag, Boys," and everybody yelled,  
or stamped. Standing in front of the  
stage Mark Hanna waived frantically a  
bunch of pampas grass, his face wreathed  
in smiles. The various state standards  
were pulled from their places hoisted up  
beside Hanna.

Roosevelt Seeks Nomination.

For seventeen minutes the demonstra-  
tions continued and when Lodge made  
himself heard he provoked another by  
recognizing Roosevelt who seconded  
McKinley's nomination in a brilliant  
speech, eulogizing the president and pay-  
ing special attention to the war and the  
following responsibility.

When he returned to his seat he was  
warmly congratulated by the delegation  
while the audience cheered wildly.

Thurston was liberally applauded as  
he arose to second and was followed by  
Yerkes of Kentucky, who in turn gave  
way to Knight of California, when

THEODORE ROOSEVELT.

Mount of Indiana took a turn at the  
business.

McKinley Nominated Unanimously.

At 12:35 the speaking had finished  
and the clerk began the roll call. There  
was great applause when Hawaii was  
announced at the completion of the list.

At 12:46 and after a short pause,  
Lodge announced nine hundred and  
twenty-six votes cast. "Of these," he  
said, "William McKinley received 926.  
It is unanimous, and the chair declares  
William McKinley your choice."

Iowa Nominates Roosevelt

The demonstrations again broke loose  
but modified, a feature being the march  
around the hall of the Hamilton club  
of Chicago, leading a make believe ele-  
phant.

Lodge admonished the delegates that  
there was yet business to be done and  
then declared nominations for vice  
president in order and the roll call be-  
gan.

Alabama yielded to Iowa, and Young  
of Burlington was recognized for the  
first speech, withdrawing Dilliver's and  
nominating Roosevelt.

Great Roosevelt Demonstration

The mention of Roosevelt's name was  
the signal for a demonstration which  
equaled if not exceeded McKinley's.  
Some one started a "Hot Time," and  
the song was taken up by everybody.  
It was seven minutes before the gavel  
could be heard.

Then Murray of Massachusetts with-  
drew Long and seconded Roosevelt. Ash-  
ton of Washington followed, then came

Depew, who withdrew Woodruff and en-  
dorsed Roosevelt. "We call him  
"Teddy" in New York," said the sena-  
tor.

He told of Roosevelt's bravery at San-  
tiago, and the convention acted like  
maniacs. Depew finished at 1:47 o'clock,  
and the roll was called at 1:50.

At 2 o'clock Lodge declared 925 votes  
cast for Roosevelt, one (Roosevelt) not  
voting.

The nomination was made unanimous  
and at 2:12 o'clock the convention ad-  
journed sine die.

WISCONSIN STANDS BY ROOSEVELT

Badger Delegates Have Not Wavered on  
This Point.

Philadelphia, June 21.—The Wiscon-  
sin delegation met at 9 o'clock last night  
and decided to defer further action until  
10 o'clock this morning, when in com-  
mon with most of the delegations, the  
Wisconsin men will probably decide to  
await the developments on the floor of  
the convention to determine what course  
shall be pursued by them. They are  
confident that Roosevelt will be nomi-  
nated and the general expression here is  
that the attitude of the Wisconsin de-  
legation since their arrival here has had  
much to do with bringing about that  
result.

The Wisconsin delegation may vote  
for Roosevelt on the first ballot if their  
votes will aid in his nomination, or may  
divide their votes. Gov. Scofield's  
name will not be formally presented in  
any event. The delegation was at no  
time united in believing that was the  
proper thing to do.

Spooner On the Platform.

"I regard the platform adopted as a  
sound and sensible expression of repub-  
lican principles," said Senator Spooner  
last night. "But it is too long. This  
probably could not be avoided, however,  
and present to the country in the  
formal way desired by platform declara-  
tions the position the republican party  
occupies on the issues of the day, its  
reasons for what it has done and the  
promises it has to make as to the future.  
I am sure it will be well received by  
the people of the country."

Senator Stout has reason to be grati-  
fied that the platform contains a refer-  
ence, brief though it is, to his favorite  
subject of good roads, for which he has  
earnestly worked.

Endorse the Payne Plan.

Chairman Treat said: "I am satisfied  
our delegation will vote for the Quay  
amendment for change in the convention  
representation. It is a good thing, just  
to republican states, and will put a pre-  
mium upon voting the republican ticket  
in sections where there seems to be little  
effort to assert the right of electors. I  
hope it will be adopted."

"Delegate Murphy of Superior said:  
"I have not talked with many of our  
folks, but I am for the Quay amend-  
ment and shall vote for it." Other dele-  
gates expressed like sentiments.

FINAL ACT IN THE BIG CONTEST

How Hanna and Roosevelt Came to an  
Agreement

Philadelphia, June 21.—The details of  
the last act in the greatest contest for  
the vice presidential nomination known  
to history are as follows:

Senator Hanna, according to an  
understanding that if at any time Gov-  
ernor Roosevelt should indicate a will-  
ingness to accept the nomination Mr. Dol-  
liver would retire, sent a messenger in the  
person of Colonel French of the Iowa  
delegation to inform Mr. Dolliver that  
he desired a conference.

In company with Colonel French and

"Late" Young Mr. Dolliver went to Sen-  
ator Hanna's apartments in the Hotel  
Walton. Senator Hanna informed Mr.  
Dolliver that he had been given to  
understand that Roosevelt had decided  
to become a candidate, if that action  
had been decided upon as for the best  
interests of the party. Mr. Dolliver  
promptly indicated a willingness to with-  
draw in Roosevelt's favor if this were  
true.

Mr. Hanna then sent for Governor  
Roosevelt, and when the Rough Rider  
had responded acquainted him with the  
conversation that had taken place.

"And now," said Senator Hanna, "will  
you, Governor Roosevelt, accept the  
nomination for vice president?"

"At your hands, and under the cir-  
cumstances, I will accept it," replied  
Governor Roosevelt. "I am always  
ready to act at the behest of the party,  
but not at the behest of an individual."

Senator Hanna then addressed Gov-  
ernor Roosevelt in the most friendly terms,  
the olive branch thus extended was ac-  
cepted by Governor Roosevelt, and the  
two shook hands in the most friendly  
manner.

Senator Hanna then asked Governor  
Roosevelt to name the man who should  
present his name to the convention, and  
the Governor graciously told Mr. Hanna  
that the honor of making the selection  
should be his.

Mr. Hanna then designated "Late"  
Young to perform the task, the visitors  
bowed themselves out, and the contest  
over the vice president was ended.

WISCONSIN MEN ARE PLEASED

Roosevelt Was the First Choice of the  
Badger Delegation

Philadelphia, June 21.—The Wiscon-  
sin delegates were delighted with the  
news that Governor Roosevelt had con-  
sented to accept the vice presidential  
nomination. When the Wisconsin de-  
legation arrived here the members ex-  
pressed their wish that Roosevelt be  
nominated, but as this was in doubt at  
the time they declared that Congressman  
Dolliver would be their second choice.

Henry C. Payne, the national commit-  
teeman from Wisconsin, urged the dele-  
gates to vote for the nomination of Gov.  
Roosevelt. Later, when it was thought  
the chief executive of New York state  
would not accept, Mr. Payne asked that  
the delegation wait before committing  
itself to any one candidate. This was  
done.

When the news came making Gov-  
ernor Roosevelt's nomination a certainty  
the delegates were in a happy mood be-  
cause he had been their first choice.

### ROSE WANTS LENTZ AS BRYAN'S MATE

Milwaukee, June 21.—Mayor David S.  
Rose is out for Congressman Lentz of  
Ohio for vice president on the demo-  
cratic ticket. Furthermore, he does not  
believe in fusion with the populists.  
The mayor, who will head the Wiscon-  
sin delegation to Kansas City, said to-  
day that he thought that the democrats  
would have nothing to do with Charles  
A. Towne, but would put up a straight  
ticket of their own. Personally he  
would like to see Congressman Lentz  
nominated as the running mate for  
Bryan. He was, said the mayor, a man  
of fine parts, one who would fill the  
position exceedingly well; furthermore, he is  
a German, and this would bring German  
votes.

Winans and Sanborn

the South Main street home of Mr. and  
Mrs. A. E. Tanberg there will be a lawn

Sanborn to the members of the Art  
League in this city. At that time  
there will be heard the reports of dele-  
gates to the fifth biennial meeting of the  
G. F. W. C. which was held in Milwau-  
kee a short time ago.

terday Afternoon.

Beloit, Wis., June 21.—President  
Eaton at the close of the graduation ex-  
ercises of Beloit college yesterday after-  
noon said the college considered the  
past year one of the best in its history.  
The enrollment of students was the  
largest, the graduating class the largest  
and the attendance and interest on the  
part of the students has been generally  
acceptable. The degree of bachelor of  
arts was conferred upon forty-four  
pupils and that of master of arts upon  
Miss Genevieve Reiter of Beloit, class  
of '99.

gram]—A fatal accident occurred here  
this morning which will mar the visit of  
the editors who spent a few hours in  
Merrill. While a certain number were  
enjoying a ride in a wagonette the son  
of E. W. Anderson aged 9 years was run  
over and received injuries which proved  
fatal.

### MADISON'S ALUMNI DAY

Large Gathering at the Annual Dinner  
—C. F. Harding of Chicago, is  
Elected President.

Madison, Wis., June 21.—The annual  
reunion of the Alumni association of  
the university attracted a large number  
of the old guard to Madison yesterday  
afternoon. The feature of the day was  
the dinner in Armory hall at 1 p. m.  
After the dinner President Webster E.  
Brown of Rhinelander, toastmaster,  
made a few pleasant remarks and then  
in turn called for responses.

At the business meeting of the asso-  
ciation in the morning Charles F. Hard-  
ing of Chicago was elected president;  
Mrs. George H. Noyes of Milwaukee,  
vice president; C. F. Spensley of Mad-  
ison, secretary, and E. Ray Stevens of  
Madison, treasurer.

The degree of doctor of laws was con-  
ferred on Associate Justice David J.  
Brewer of the United States Supreme  
court today.

The School of Music gave its com-  
mencement concert in Library hall last  
evening. The University commencement  
exercises are in progress today.

The Board of Regents of the Univer-  
sity yesterday elected Attorney Howard  
Leslie Smith of Chicago a professor in  
the College of Law at a salary of \$2000  
a year. This addition to the faculty  
was the only change made in the law  
school.

The board re-elected the old officers  
for the ensuing year. Judge George H.  
Noyes of Milwaukee, president, Senator  
J. H. Sout of Menominee, vice president,  
and E. F. Riley secretary.

sian minister of foreign affairs, died  
suddenly this morning.

## ARTILLERY MOWED DOWN THE CHINESE

**Boxers Attack the Foreign  
Settlement at City of  
Tien Tsin.**

### FOREIGN TROOPS FIGHT

**Report That the Empress Has  
Committed Suicide—  
Panic in Peking.**

### REBELLION SPREADING DAILY

Shanghai, June 21.—[Special Cable-  
gram]—Thousands of Boxers attacked  
the foreign settlement at Tien Tsin, but  
were driven off by the foreign troops,  
including eighteen hundred Russians  
whose artillery mowed down the Chi-  
nese.

A letter from a high official at Pe-  
king says that anarchy reigns there.  
The empress is reported to have com-  
mitted suicide and different parties are  
striving to control her vast treasures.

Captain advises say that owing to the  
representation of foreign consuls Li  
Hung Chang has cancelled his passage  
to Peking.

Relief Forces Reach Peking

London, June 21.—The Times corre-  
spondent at Shanghai confirms today  
other press dispatches reporting the  
arrival of the mixed force of marines at  
Peking Sunday, when the legations were  
still safe. There are no details and the  
dispatches are based upon Chinese re-  
ports, but the news has caused general  
relief in London, and is credited in di-  
plomatic circles.

A common danger has brought the  
European powers together and the con-  
cert is entirely harmonious.

Very Large Army Is Needed

London, June 21.—The reports of Ad-  
miral Seymour's arrival at Peking, and  
the safety of the foreign legation, origi-  
nating from Chinese sources and cabled  
to this city from Shanghai, have been  
verified. However, the Italian consul at  
Shanghai has wired to the Italian for-  
eign minister, Marquis Visconti-Venosta,  
that the legations are safe.

The rebellion is spreading far and  
wide. There is an impression in diplo-  
matic circles here and on the continent  
that the allies have not yet grappled  
with the situation effectively, and that  
even 50,000 troops would be powerless  
to do much to control 4,000,000 square  
miles.

Fighting About Tien Tsin.

London, June 21.—[Special Cable-  
gram]—Admiral Bruce sends a report to  
the admiralty office from Taku under  
today's date saying that there was con-  
tinuous fighting around Tien Tsin. The  
relief force starts as soon as gathered.  
There is nothing in the dispatch con-  
firmatory of the report that Admiral  
Seymour has reached Peking or that he  
has been killed.

Native Christians Murdered

San Francisco, Cal., June 21.—Mrs.  
A. P. Lowrie, a Presbyterian missionary,  
who has been stationed at Pao-Ting-Fu  
for the last six years, arrived here on  
the Doric. She reports that the night  
of May 16 many native christians, prin-  
cipally women and children, were mur-  
dered by the Boxers while fleeing from  
Pao-Ting to Tien-Tsin. This was about  
ten miles from Mrs. Lowrie's station,  
which was not disturbed.

Chinese Government Responsible

Berlin, June 21.—"The responsibility  
of the Chinese government for recent  
events," said a high official of the for-  
eign office today, "is now proved clear-  
ly. It has been ascertained that 10,000  
Chinese troops who deserted to the Box-  
ers, did so under direct orders of the  
Chinese government."

"The promotions to the highest posi-  
tions of notoriously anti-European offi-  
cials also points in the same direction.  
This is the war of China against all for-  
eigners, including Germans, and the  
point now is to go ahead vigorously,  
quickly and resolutely, no matter what  
the final outcome may be."

Hurry Up Orders For Buffalo.

Southampton, June 21.—Hurry orders  
have been issued for coaling the United  
States training ship Buffalo. All leaves  
of absence have been cancelled and all  
hands have been ordered on board to-  
day, in order that the Buffalo may be  
ready to sail tomorrow morning. Her  
officers claim they do not know her des-  
tination but believe she is bound for  
China.

Kempff Was Not In It.

Washington, June 21.—After a long  
wait the navy department today re-  
ceived a communication from Admiral  
Kempff, which served only to replace  
the anxiety caused by his silence with  
disappointment over his announcement  
that "the Taku forts were captured by  
other foreign forces."

## TO CELEBRATE THE GLORIOUS FOURTH

### ARRANGEMENT COMMITTEE HAVE A CLEAR TRACK.

The Celebration in Janesville Promises to be the Most Magnificent and Extensive Ever Held Here—Morning and Afternoon Parades Will be Features.

The Fourth of July celebration will be a success. The committees have so declared and that settles it. Given good weather Janesville will furnish a celebration that will put all others in the shade, those that have been held in this city in years past and those that have been held in surrounding towns. The money question is about settled and what is needed now is work and from now until after the celebration is finished it will take unceasing labor to carry out the plans mapped out by the different committees.

At a meeting of the amusement committee held last evening several alterations were made. Chief Marshall Childs has decided to change the list of prizes offered for the morning parade by cutting out the prize offered for the best band of cowboys, and giving it for the best decorated float. Marshall Childs' idea in making this change was that the morning parade should not conflict with the Nonesuch Bros' circus parade and the cowboys are properly a part of the circus parade and will take part in that procession in the afternoon.

The circus committee decided to give one general prize divided into three parts for the best displays in the circus procession and not specify what it shall be for.

A committee was appointed to make arrangements with a costumer from Milwaukee or Chicago to come here on the Fourth and furnish costumes for the masked carnival to be held in the evening. In order to make the Carnival a success, it is requested that every member of the different committees that have the celebration in charge, make arrangements to mask during the evening.

F. L. Clemens was appointed chairman of a committee to secure a speaker for the day's exercises. Mr. Clemens was also instructed to see Mayor Richardson and invite him to act as president of the day.

**All About a Signature.**  
Tellers and clerks of savings banks have a rare opportunity to study human nature. All sorts of people, with many strange notions of the methods and purposes of banks, come before them. A teller of a Boston savings bank tells a true story of a good Irish woman who came to the bank to open an account.

"Please write your name on that line," said the official, pushing toward the woman a book and a pen.  
"Do you want me first name?" she asked, taking the pen in her hand.  
"Yes, your full name and middle initial if you have any."  
"Do you want me husband's name?"  
"Yes, his last name, but your own first name."  
"Oh, me name before I was married?"  
"No, your given name—Ellen or Bridget?"  
"Sure, then, me name is nayther wan o' them."  
"Well, what is it then?"  
"Sure, it's Mary."  
"Very well. There are others waiting for you, so please hurry and write your name."  
"Ah, sure, do you want the 'Mrs.'?"  
"No, never mind that. Now go ahead."  
"Ah, sure, mister, I would, honest, but ye see I can't write!"—Youth's Companion.

**Russia's Four Largest Cities.**  
The population of the four greatest cities of the Russian empire is given as follows in the figures of the recent census: St. Petersburg, 1,132,677; Moscow, with its two suburbs, 958,614; Odessa, 405,041 (a great increase since 1892), and Warsaw, 626,972. Contrary to what is observed almost universally throughout Europe, the male inhabitants outnumber the female in the three first named communities, while in the last, Warsaw, the proportion of women is but slightly superior to that of men.

## BAPTIST ICE CREAM SOCIAL

Junior Endeavor Society Handsomely Patronized Last Night

The Juniors, who acted as waiters, were kept busy serving their patrons with cream and cake. The affair was a success socially and financially.

## BADGER FIREMEN AT JEFFERSON, WIS.

**Grand Parade This Morning with Ten Bands in Line—Next Meeting Will Be at Elkhorn.**

Jefferson, Wis., June 21.—[Special Telegram]—The annual tournament of the Wisconsin State Firemen's association opened here this morning with the brightest of prospects. The weather is fine after the rain of last night, and Jefferson has put on its holiday attire. The streets are decorated with bunting and flags and the tournament colors, purple and white. Two handsome arches and band stands add much to the general appearance.

All trains brought in large delegations from all over the state. Burlington came first with about 100 men in a special car, Janesville, Lake Geneva, Tomah, Tomahawk, Reeseville, Juneau, Edgerton, Columbus, South Milwaukee, Watertown, Elkhorn, Waupun and Waterloo and others, and all are in their respective headquarters.

The grand parade of the companies was held at 10 o'clock this morning. Ten bands were in the line of march.

This afternoon the following contests took place: First and second class hose and hook and ladder races, hand engine contest, chief's race and novelty hose and hook and ladder races.

At the annual business meeting of the association held at the opera house last night after a short entertainment it was decided to hold the next tournament at Elkhorn. The following officers were elected: President, H. I. Grell, Johnson's Creek; first vice president, F. M. Stevens, Delavan.

## KIDNEY TROUBLES OF WOMEN

**Miss Frederick's Letters Show How She Relied on Mrs. Pinkham and Was Cured.**

"DEAR MRS. PINKHAM:—I have a yellow, muddy complexion, feel tired and have bearing down pains. Menstrues have not appeared for three months; sometimes am troubled with a white discharge. Also have kidney and bladder trouble.

I have been this way for a long time, and feel so miserable I thought I would write to you and see if you could do me any good."—Miss EDNA FREDERICK, Troy, Ohio, Aug. 6, 1899.

"DEAR MRS. PINKHAM:—I have used Lydia E. Pinkham's Vegetable Compound according to directions, and can say I have not felt so well for years as I do at present. Before taking your medicine a more miserable person you never saw. I could not eat or sleep, and did not care to talk with any one. Now I feel so well I cannot be grateful enough to you for what you have done for me."—Miss EDNA FREDERICK, Troy, Ohio, Sept. 10, 1899.

**Backache Cured**

"DEAR MRS. PINKHAM:—I write to thank you for the good Lydia E. Pinkham's Vegetable Compound has done me. It is the only medicine I have found that helped me. I doctored with one of the best physicians in the city of New York, but received no benefit. I had been ailing for about sixteen years, was so weak and nervous that I could hardly walk; had continued pain in my back and was troubled with leucorrhoea. Menstrues were irregular and painful. Words cannot express the benefit I have derived from the use of your medicine. I heartily recommend it to all suffering women."—MRS. MARY E. BASHING, Windsor, Pa.

## HOW TO REACH FARMING PEOPLE

Way Dealers May Get Best Results from Advertising—Some Practical Suggestions.

[Clipping from the Farm Implement News, Chicago, March 2, 1899.]  
I am pleased to take advantage of the opportunity to offer some suggestions that may be of value to retail implement dealers in the matter of advertising in local papers. I assure you that, to the extent of my ability, I am ever ready to assist the dealers and if through the courtesy of the Farm Implement News I am able to aid them, I am content.

To come at once to our subject, in the writer's opinion most local dealers are apt to think that the people in their immediate vicinity are fully aware of "the kind of goods they handle, forgetting that the public is not as much interested in their business as they themselves are. In fact, not one-half of the community are at all acquainted with their line and that same half do not know, for example, that their dealer, John Smith, is selling disk harrows as well as peg spring tooth harrows, and, not knowing this, the buyer has bought his disk harrow elsewhere, and Smith wonders why he did not make the sale.

Space in local papers is not expensive and a reasonable amount of this space, if well used, is a paying investment. The dealer at once asks: How will we use this space well? My answer is: Tell briefly and honestly the merits of your line of implements; do not say too much, fearing you will not get your money's worth; but be brief. After writing out what you want to say, cut it down and down until nothing remains but solid facts; no foam, no fake. An extravagant statement will throw a doubtful light on your entire advertisement, no matter how true the rest may be; nor does the public like a fake advertisement any better than it does fake goods.

Whenever you can use the illustrations of any implements you are mentioning, be sure and do so. Pictures appeal to men as truly as they do to children. What is the difference between an illustrated catalogue and one with no illustrations? You at once say: "A great difference." So there is, and it is the same with a newspaper advertisement; the illustration should be there to catch the eye, and your wording must be to the point and well displayed to hold the attention to the end. See the proof of your advertisement before it goes to press and be sure it suits you. Do not allow it to look shabby. The public will judge you by it. Let the editor or compositor know you are interested and he is much more apt to be interested. Change your display often, giving evidence of life and stir; it will help you.

When you have succeeded in doing all well as outlined, do not expect your advertisement to sell the goods. It will not. It is only "the silken thread by which you draw up the stronger rope" and with that rope you may pull the treasure to your purse. Keep your line of implements up in good shape where they can be seen, clean and in a good place; not out in a shed where the hens roost or the pigs stay. Give the tool a chance. Unless you do this, all the space in your local paper will do no good. Get the best line of implements obtainable; then be posted on them so you can explain their strong features. Be as courteous as your advertisement makes out you are; be as earnest after business as your advertisement indicates. Handle good goods, as well displayed in your store as in your advertising space, and you will succeed.

**FULTON**  
Fulton, June 20.—Miss Basha Pence closed her school in the Zacharia district last Friday with a very enjoyable picnic, several from Fulton attending.

Miss Nellie Pence has finished her school at Newville, and last Friday a picnic at Lake Koshkonong was enjoyed by all present.

Miss Winnie Brown was among those graduated from the Edgerton High school last week.

Harriet Lee is home for the summer, being one of the graduated class from the Janesville High school.

Misses Ethel and Jeanette Sayre, having finished the High school course are spending the summer here.

Mr. Eph Sayre and family are domiciled for the summer vacation at the home of Mrs. Kate Sayre.

Miss Margaret Stevenson is visiting at Mr. Biggar's. Her friends are pleased to see her back again.

The evening of June 15th the school in the Kocher district taught by Miss Nellie Peach, held their graduating exercises in the Congregational church in Fulton. The class was composed of six girls and four boys. The essays were of a high order.

Messrs. Webster Hill and Anderson are making a short visit with friends in our village.

Mrs. Kocher still remains very feeble. Farmers are feeling very serious over the continued dry weather, but foliage is looking bright and the country is beautiful.

Mr. Sayre is supplying the village with fine berries, as he has the means of supplying water by his water wheel in the river.

The seats and swing on the school ground are well patronized.

## PROVE ALL THINGS.

This Command is Easy to Fulfill in Janesville.

To win a wager an English Marquis stood on London bridge and offered for an hour British sovereigns (\$5) for five shillings (\$1.25). He could not find a customer. There are several good reasons why the ordinary mortal could not be induced to buy, but no reason can be given why Janesville people will not accept the following convincing proof about Doan's Kidney Pills. Read this:

Mr. Thos. Pratt of 281 South Main St. says: "I doctored off and on for forty years, attempting to rid myself of backache, which came on by spells, very painful when at their height and even when somewhat allayed, the dull aching was sure to manifest itself, if I overtaxed myself, caught cold or did any work which brought a strain on the muscles of the back. Often I have been so lame and sore that there were days I was confined to my room almost helpless, certainly unable to get up or down. Like a great many other people in Janesville I procured Doan's Kidney Pills at the People's Drug Co.'s store, led to do so by the peculiar advertisement, which attracted my attention. After taking a thorough course of the remedy I was able to go to the quarry and sling an eighteen pound hammer without showing any signs of a recurrence. If I am subjected to future attacks I know what remedy to employ."

For sale by all dealers. Price, 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no other.

Common sense use of "Orangeine" prevents and cures nearly all human ills.

## ON MARRYING A MAN.

Less Guesswork, Says a Bright  
Woman, Than Marrying  
a Boy.

BY LEE M'CRABE.

Commend me to the girl who falls in love with a man of 35 or 40. She has uncommon sense!

In the first place, the woman a man of that age loves is the one he will always care for. He is not easily attracted; but, once in love, he rarely experiences a change of heart. So she is sure of that, the foundation stone of all her happiness.

Then, from her standpoint, in caring for a man rather than a boy she loves him for what he is, not for what he may or probably may not be. It is certainly against uncertainty.

The girl who takes a young man with his (or her) fortune to carve out should be honored for her bravery, but if in after years he fall and fall she must stand by him with that same courage and restore to him his faith in himself. Many a woman is doing it daily, and it is a heroism on which Dan and Bradstreet's set no value, but the loss of which would cause a money panic in 24 hours. Let her, if she has the will to do it.

But her sister who marries a man for what he is and has attained is wise if not brave.

His character is formed, his habits fixed (she should be sure of what they are, by the way), and either he has reached or is near the social position she, too, must occupy.

There is less guesswork about her future. She may have the pleasure of adapting her life to fit his, but is not that more or less necessary in all marriages?

Marital happiness depends upon the characteristics of both and their harmonious blending. When these are fixed, embodied in the life of either, the other may rely upon them implicitly.

We may guess at the size and the color of the flower in the bud, and we may guess wrong.

The young man who carries off the honors of a class on commencement day, often takes a low grade on the field of actual duty, for a brilliant mind, attracted in so many directions, is apt to become a will-o'-the-wisp, an uncertain light in the world, serving chiefly to point out the marshy, dangerous places. The man who can do many things usually wants to do them all and all at once.

Generally it is late in life when women realize that comfort and freedom from worry make up a large per cent of that phantom of many nouns de plume, Happiness. When no place is achieved, no means laid by, no abilities proved, what is a girl accepting, from an unsentimental standpoint, but a promise of "good things to come?" And promises are frail things at best.

Besides, to really love we must respect, and how hard it is to respect a boy!

You say they are not handsome and lovable at 40? Some of us differ; but, granting it, aren't you going to continue to love your boy when he is 40; when he is not handsome, according to your present standard; when he may be a dead failure, a deadbeat and even wear a goatee?

## MADE FROM REMNANTS.

A Pretty Raised Centerpiece For the  
Sitting Room Table.

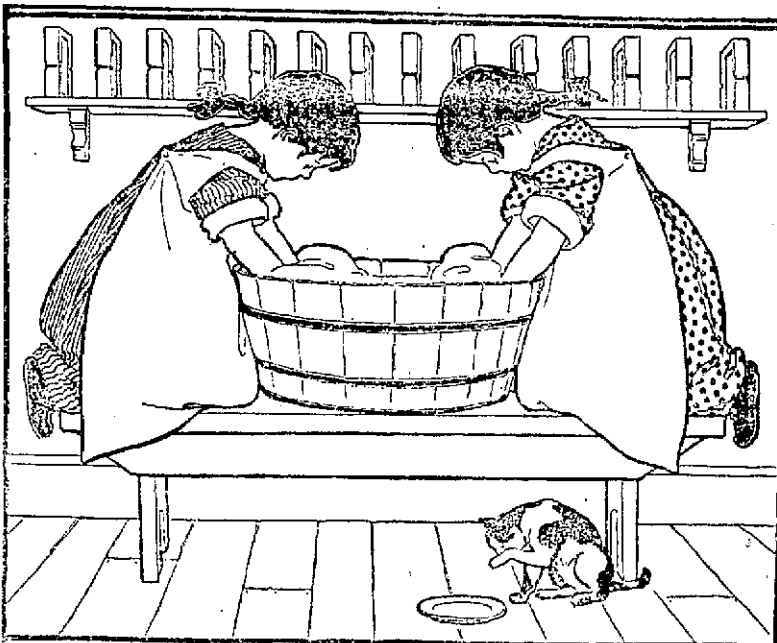

A charming article, which can practically be made entirely of remnants is a raised centerpiece. Many years ago this same class of thing in a much smaller size used to be called a lamp net, but the new ones are so large and elaborate that they sometimes take the place of a centerpiece; hence the name.

The one shown is formed of two circles of card, each 12 inches in diameter, the upper one covered with dark green velvet, the lower one with satin. These coverings are cut rather larger than the cards, gathered round the edge, each drawn up round the cards it is to cover and secured in position by lacings of thread across and across. The covered pieces are then laid together and secured round the edge by light but firm sewing.

For the trimming a spreading ruffle of lace well besprinkled with spangles is first gathered and lightly sewed round the center, and within and above the lace a full, wide border of feathers and artificial flowers is arranged. A ruffle of silk or ribbon can also be used immediately above and slightly inside the lace ruffle under the raised border of feathers, etc. The colors and materials may be rich or delicate, or both, but perfect harmony of coloring with or without great contrast is the imperative consideration for obtaining a really good effect.

## TUB TRUTHS.

**DROP** of ink will color a whole glass of water. It is an inch of yeast which makes a pan of bread rise, and a single cake of soap containing unabsorbed alkali can ruin a hundred times its cost in laces and fine embroidery. After all, is it wise to take such risks with common soap? Of course you can get along without Ivory Soap. So can a wagon without axle grease—but it goes hard.

## AMNESTY TO THE FILIPINOS

Proclamation Issued by President  
McKinley.

### ORDER AFFECTING REBELS.

Aguinaldo Expected to Surrender as Soon  
as He Hears the Terms—Free Pardon  
to All Filipinos Who Have Participated  
in the Rebellion.

Manila, June 21.—Gen. MacArthur will formally announce President McKinley's order of amnesty. Buenavista Paterno and other prominent Filipino leaders are greatly pleased, as they believe that under the amnesty they can bring about the surrender of Aguinaldo, who, they declare, is ready and willing to consider the peace platform adopted by the Filipino leaders, with a few insignificant exceptions. Several meetings of the leaders were held, quietly in Manila last week. They are encouraged by the progress they are making with the natives and the authorities here. An important meeting will be held, at which the amnesty decree will be read. It is the consensus of opinion of the foreigners, the better class of the Filipinos and the Spaniards that Aguinaldo will be in Manila shortly as the result of the decree and of the negotiations of the Buenavista party.

Preparations are being made at Cavite to move a majority of the marines to China in the event that developments there require them.

Washington, June 21.—Secretary Root said that the text of the amnesty proclamation would be published in Manila and Washington simultaneously. It would be issued by Gen. MacArthur by direction of the president. The proclamation gives a free pardon to all Filipinos who have participated in the rebellion against the United States, the only condition being that they take the oath of allegiance and acknowledge the sovereignty of the United States government. It excludes no one except those who have violated the laws of war. The proclamation will go into effect immediately. The time, considering the facilities for communication in the islands, for acceptance of the amnesty proclamation by those still in rebellion is limited, being only thirty or sixty days.

The issuance of the amnesty proclamation will mark a distinct advance in the progress of the arms of the United States in the restoration of order in the Philippines. The situation has been steadily improving in those islands for some time, and it is thought that the time is opportune for pardon to all those Filipinos who have borne arms against the authority of the United States, and have not used their hostility as a mere cloak for the commission of robbery, murder and other crimes. It is confidently believed the result of the proclamation will be a general submission by those Filipino leaders who have not yet given in their adhesion to the control of the islands by the United States.

Inexpensive, but Highly Valued.  
The Victoria cross, the intrinsic value of which is one penny and one farthing, or two and a half cents, cannot be accepted as a pledge by a pawnbroker anywhere in Great Britain, under penalty of a heavy fine. The cross is made from cannon captured from the enemy and weighs just three and a half grains less than one ounce.

## TRY GRAIN-O! TRY GRAIN-O!

Ask your grocer today to show you a package of GRAIN-O, the new food drink that takes the place of coffee. The children may drink it without injury as well as the adult. All who try it, like it. GRAIN-O has that rich soul brown of Mocha or Java, but it is made from pure grains, and the most delicate stomach receives it without distress. The price of coffee, 15c. and 25c. per package. Sold by all grocers.

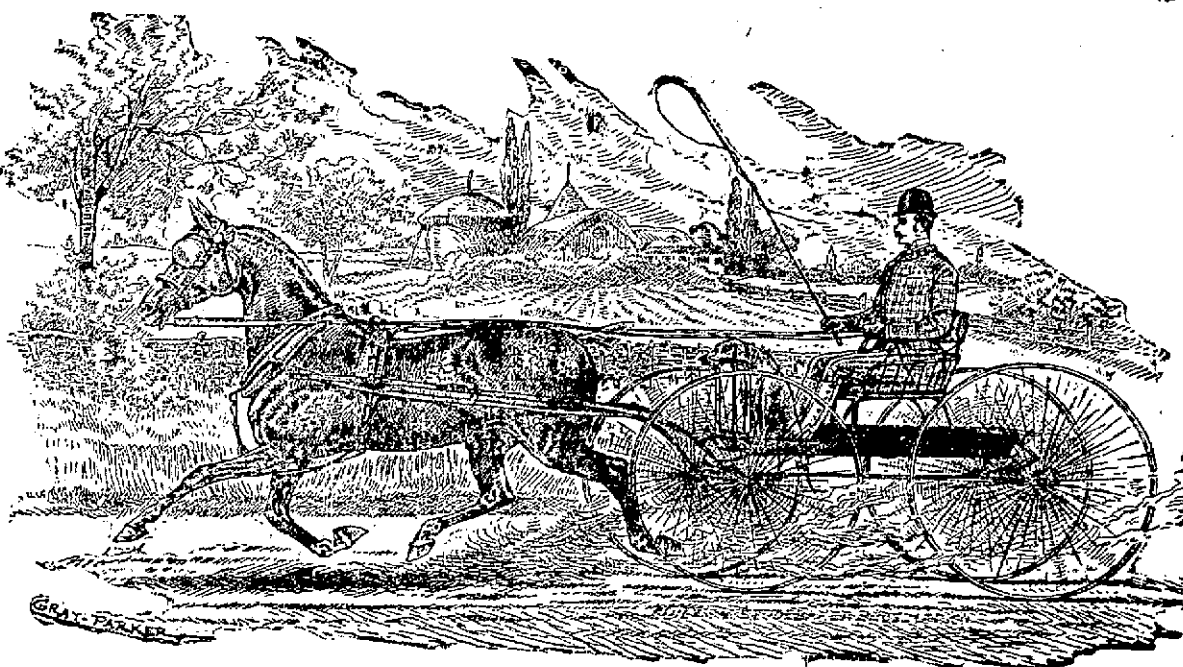

### A Confederate Cross of Honor.

Veterans of the civil war have never participated in a more significant ceremony or one that could better show how much their services to the Confederacy are appreciated than the ceremony incident to the presentation to about 300 of their number of the cross of honor by the Daughters of the Confederacy the other morning, says the Atlanta Constitution. The ceremony itself, a simple one, was profound in its significance, its solemnity and its implied meaning. General French was the first of the veterans to receive the cross of honor.

### For Hygienic Reasons.

"It's an up-to-date play, you will notice," said the modern playwright. "The lines are sufficiently racy." "I should say," replied the manager, laying down the manuscript, and carefully wiping his hands. "Perhaps it's too long," continued the playwright. "I could boil it down." "Ah! Yes. If you expect the public to use it, by all means boil it."—Philadelphia Press.

The peerless statesman of peace and the peerless hero of war make a team to conjure with.  
They will sweep the country from end to end, and the principles that they represent will again furnish the basis for a government such as no other country on the globe enjoys—a government "of the people, for the people and by the people," a government that provides "an honest dollar, and the chance to earn it by honest toil," a government that turns adversity to prosperity, and insures "the greatest good to the greatest number!"  
Three cheers for McKinley and Roosevelt!  
Hip! Hip! Hurrah!!!

MR. WHITEHEAD'S CHANCES.

The Clinton Herald thinks Senator Whitehead will carry the entire First Congressional district, and will be disappointed if the Janesville man is not nominated. The Herald says:

It looks now as though the old first district was reasonably sure to go into the State Convention solidly united upon Hon. J. M. Whitehead as a candidate for governor, and when the district does go in with a united and strong request for so able and acceptable man, it seems as though it should carry a great weight with the body and we shall be disappointed if he is not nominated.

The Herald states the case well. Senator Whitehead should have the endorsement of the district. It is due him as a "home candidate" as well as because of his splendid record, and recognized ability and worth. Mr. Whitehead has made no fight in the home districts of any of the other candidates and the universal usage in politics is that this rule be followed.

Rock county and the First district should give Senator Whitehead earnest, honest, and enthusiastic support. No candidate on the list stands higher in the public estimation, as has been shown by the columns of praise given him by the press of Wisconsin, and of Chicago. Senator Whitehead has all the qualities demanded in a public official. His candidacy is being pushed on its merits. He has no axes to grind. His record is an open book, and is his only platform.

Rock county is standing by him loyally. Not only are many of the best known citizens of Janesville active in his behalf, but he has enthusiastic supporters in every city, village, and township in the country.

A force of ostrich tamers are now busily engaged in scouring the wilds of Spring Brook in a determined effort to catch a pudamuk for exhibition in the circus parade of July 4. Up to the hour of going to press, the modest puddies had succeeded in eluding the tamers, but it is thought that one can be captured when the moon gets full.

The to-a-finish-go between the Boxers and the Others of the Earth, will not be accepted as on the square unless the match is refereed by George Siler, Malachy Hogan, Dry Dollar Sullivan, or Batt Masterson. The Chinese government may just as well understand this, first as last, and act accordingly.

Monroe, Darlington, Brodhead, Beloit, Milton and many other neighboring cities will celebrate the Fourth this year, but the residents of those towns should plan to visit Janesville, just the same—our celebration will be going on after all of theirs are finished.

Alexander E. Matheson has been nominated as the alumni member of the Board of Trustees of Beloit College. The honor is a high one, but is well bestowed. Mr. Matheson is a man of marked abilities and his future is bright with promise.

The fire at Bloomington burned up the whole blooming town, while the blaze at Middleton only ate up the mid-

dle part. And still people say there's nothing in a name.

Perhaps the local democracy refuses to enthuse over Babbitt or Buckley as vice presidential possibilities for the very excellent reason that some good Fourth ward man wants the job.

No undue significance should be attached to the fact that the prohibition candidate for congressman from this district is named Beveridge.

Mr. LaFollette carried his home county, Dane, unanimously, no contest being made by any of the other candidates.

However, the supply of genuine Chinese fireworks will probably be equal to the demand in spite of the present complications.

Don't feel too bad about that Chinese affair. Perhaps some of the stories are only yellow, slant eyed fakes.

Three Oaks, Michigan, is making a nuisance of itself, and its Dewey cannon.

The Boxers have not yet been induced to extend the "glad mitt."

Senator Wolcott is all right.

MR. HANNA DECIDES FOR ROOSEVELT

All the Other Candidates For Office of Vice President are Thereupon Withdrawn.

Philadelphia, June 21, 9 a. m.—McKinley and Roosevelt by acclamation! All other candidates withdrawn and the republican national convention of 1900 will today complete its work in a wave of harmony and enthusiasm.

The news that all differences had been arranged and that no contest was to mark the coming and final session of the convention came last evening from Mr. Hanna's room and was hailed with delight by the large crowds of visitors and delegates assembled about the hotels.

Governor Roosevelt met Mr. Dolliver in the corridor and said to him: "I heartily congratulate you upon your escape. I wish it were you instead of myself that is to be the nominee."

"Then you will accept?" asked the Congressman.

"I can't help myself," replied Governor Roosevelt; "the voice of the party must be obeyed."

A Most Happy Outcome

This happy outcome is due directly to the influence of President McKinley. It became known yesterday that President McKinley had advised Senator

The tropical portion of Mexico is the point to which men of capital and money are now directing their eyes and attention. Anyone by a small monthly payment of \$2.50 or more can secure an annual life income and something to leave as a legacy to those dependent upon them for support.

The Isthmus Plantation Association of Mexico have their proposition before the public, and no better offer was ever made to those who wish to invest their savings where it is properly secured. To secure the investors beyond any doubt, the officers of the association have placed all in the hands of the Chicago Title and Trust Company, who is trustee for the investor; no chance for any loss. An investment with this company is as safe as government bonds, and pays much larger dividends. Those who have not already sent their name and address to this association's headquarters for sample of contract and a prospectus giving full and detailed particulars should do so at once, and if you intend to visit the Carnival, Exposition or State Fair, call at our offices and examine samples of Mexican products which will be of interest to you.

Hanna to secure the nomination of Governor Roosevelt in case the governor were willing to accept it. The president felt that the young governor of New York was the man the people wanted on the ticket, and that his presence there would strengthen the party in the campaign.

Governor Roosevelt was consulted by Senator Hanna and gave his consent to the carrying out of the president's programme.

Secretary Long was communicated with by wire by Senator Lodge, his nominal manager, and Secretary Long promptly withdrew from the field.

Mr. Dolliver was sent for, and made his appearance at Senator Hanna's room at 9:30 o'clock last evening. Half an hour afterward he came out of the conference and announced his retirement.

Today, therefore, the convention will have nothing to do but dispose of the Quay resolution concerning the system of representation, listen to the nominating speeches, and with one mighty voice name the ticket—McKinley and Roosevelt—and adjourn.

## RAIN WORTH MANY THOUSAND DOLLARS

CAME JUST IN TIME TO SAVE SEVERAL KINDS OF CROPS.

It Helped All Kinds of Growth Immensely—Tobacco, Small Grain, Corn and Fruits Now Promise an Abundant Yield—Far Reaching Benefit of This Shower.

The rain, which commenced this morning about half past three o'clock, is worth thousands of dollars to the residents of this section of the country. Its benefits are almost unlimited. The farmers of Rock county have been clamoring for rain for the past two months, and outside a small shower or two this is the first rain of any importance that has fallen.

A prominent farmer said today that there was no growing farm product that this rain would not help immensely. The hay crop is too far gone to receive much benefit, but will be helped some. The small grain and corn were suffering for want of water. Had the rain held off a little longer it would have been too late for them to get much benefit. As it is, they may now pull through in fairly good shape.

The small fruit farmers have a pleased look. The strawberries and other small fruits were drying up on their stems and looked like a total failure, when earlier in the season there was promise for an immense crop. While there will not be as large a yield as was expected the fruit will now, with this rain to help it out, be a fairly good one.

The most pleased men in this section of the country are the tobacco growers. There is at present no crop raised in this section that means more to the farmer than a good tobacco crop and none that needs so much water. There need be no idle men in Rock county today as an immense amount of tobacco will be planted and anyone that wants work can find it in the country.

A large amount of tobacco had already been set, but it is safe to say that on account of the continued drought at least one-third of the plants will have to be reset. This rain will now, by putting the ground in such shape that any planting done now can safely be looked upon to come along all right.

The far reaching benefits of this rain should not be underestimated, for without good crops business would be at a standstill, and without rain we could certainly look upon the crops to be a failure this year. Taking it altogether it is one of the greatest blessings visited upon this section of the country in a long time.

## PRIVATE PICNIC OF THE EASTERN STARS

A Most Enjoyable Affair Conducted at Crystal Springs Park Yesterday Afternoon.

The private picnic given by the Order of Eastern Stars at Crystal Springs yesterday was a most enjoyable affair, about 125 people being seated at the tables when supper was served and in this supper the ladies of the order sustained their reputation for furnishing elegant repasts.

The first boat left at 2:30 o'clock and carried all those who wished to spend the afternoon in the shady nooks, the second left at six and carried up those whose business would not permit of their going earlier, and the orchestra. After the supper was finished, dancing was indulged in until 10 o'clock when all left for home, highly pleased with their outing.

## CONDITION OF G. A. R. IN BADGER STATE

COMMANDER TALLMADGE REVIEWS WORK OF THE YEAR.

West Superior Encampment Adopts Memorials—Mr. James is Favored for First Place—Sheboygan Now Has a Clear Field for the Next Encampment—Reports Made.

West Superior, Wis., June 21.—The department encampment of the G. A. R. opened yesterday with a small attendance.

Department Commander S. H. Tallmadge, in his annual address, paid a tribute to the late General Henry Hardee, the first department commander to die while in office, and of General Michael Griffin. At the end of 1899 there were 10,057 members of the G. A. R., a loss of 506 for the year.

Waupaca's Veterans' Home. A review of the work of the Wisconsin Veterans' home at Waupaca was given, and showed that the veterans were well cared for. Commander Tallmadge also discussed at length the splendid assistance given by the W. R. C., the Ladies' G. A. R. and the Sons of Veterans. These orders are in a flourishing condition. In speaking of the coming national encampment, G. A. R., at Chicago, he said:

"It is not usual to speak of the coming national encampment, but I cannot forbear referring to the encampment to be held this year in Chicago. Wisconsin will have the right of the line, and as the encampment city is so close to us, I trust that a large number of the comrades will be present."

Condition of the Organization.

The annual report of Capt. C. A. Curtis, assistant adjutant general, showed that the total gain in membership during the year 1899 was 1,186, of which 257 was by muster, 168 by transfer and 761 by reinstatement. The losses during 1899 were: By death 274, by honorable discharge 49, by dishonorable discharge 8, by delinquent reports 362, by surrender of charter 9, making the total loss 1,574 and the net loss 388. The total number of members in good standing Dec. 31, 1899, was 10,175. During the year two new posts were mustered in, they being at Wausaukee and Oneida, making the total number of posts in good standing on Dec. 31, 1899, 1,236. The loss of posts for the year was 23.

Finances in Good Condition.

Assistant Quartermaster, J. A. Bird reported that the receipts for the year were \$4,391.93, derived from the following sources: Balance turned over by predecessor in office on May 18, 1899, \$1,456.21; per capita tax from posts, \$2,480.02; supplies sold, \$374.70; bridges sold at Philadelphia, \$17; charter fees, \$30; interest on \$1,200 certificate of deposit, \$24. The disbursements for the year were \$1,613.74.

James to Succeed Tallmadge.

Tallmadge declines to be a candidate for commander and the title apparently sets strongly in favor of James.

Waupaca withdraws from the contest for the next encampment, leaving Sheboygan a clear field. In the Relief Corps Mrs. Grinnell of Beloit is the favorite for president.

Mrs. W. H. Upham of Marshfield addressed the convention. She will join the Baraboo corps being initiated tomorrow.

## FOR THE WANT OF A LITTLE BONUS

JANESVILLE CANNOT AFFORD TO LOSE ANY BUSINESS.

Prompt Effort Should be Made to Keep the Wisconsin Carriage Top Company Plant, Recently Destroyed by Fire in the Tower City—Situation as it Stands Today.

Would it be a good thing for the city of Janesville for the want of a little bonus to allow the Wisconsin Carriage Company to remove from the city? It is no settled thing that the factory will ever be rebuilt. Although the members of the company say that at present they are in no position to say what will be done, they are busily engaged in cleaning up the wreck and until they get in shape and find out how they stand they will not be in position to entertain any proposition from outside parties.

The company received a very flattering letter from a Rockford syndicate who are anxious to secure the plant for that city. They are offered a factory, site and building that cost originally from \$25,000 to \$30,000 ready for occupancy complete with boilers, engines and shafting for the nominal sum of \$5,000, and that the balance would be made up by the syndicate that had the matter in hand.

The Wisconsin Carriage company is an institution that has never asked a favor from the city and is not now, but if the Rockford people consider the institution of such value to their city, why is it not much more valuable to Janesville, that has so few factories and so anxious to secure outside industries.

Here is a factory employing about fifty hands the year round, with an established business, which if removed from Janesville would be hard to replace. If inducements are necessary to keep the Wisconsin Carriage company here no time should be lost by the citizens of Janesville in offering them assistance.
